

### Kindergarten Supply List for Remote Learning

We plan to start school with all Kindergarten students learning in the school building. The supply list below is recommended to have on hand at home just in case the situation with Covid-19 changes and, for everyone's health and safety, we need to switch to remote learning (with all Kindergarten students learning from home).

If this is necessary, on days when Kindergarten students are learning from home, having the below supplies would be very helpful. If you already have these supplies at home, purchasing new items isn't necessary. If we need to switch to remote learning, it would be a great idea to gather these supplies in a box or storage container and set them up in your child's at-home learning space. Thank you for your help!
